You have requested our opinion as to the fairness, from a financial point of view, of the consideration to be received by the shareholders of Stellar Therapeutics Inc. (the "Company") in connection with the proposed merger with Horizon Pharma Group PLC (the "Acquirer").

Pursuant to the terms of the draft Agreement and Plan of Merger (the "Merger Agreement"), the Acquirer will acquire all outstanding shares of common stock of the Company for \$72.50 per share in cash (the "Consideration"), representing a total enterprise value of approximately \$2.1 billion.

In arriving at our opinion, we have, among other things:

1. Reviewed the financial terms and conditions of the draft Merger Agreement;
2. Analyzed certain historical business and financial information relating to the Company;
3. Reviewed various financial forecasts and other data provided to us by the management of the Company, including risk-adjusted revenue projections for the Phase III oncology pipeline;
4. Conducted a Discounted Cash Flow (DCF) analysis using a Weighted Average Cost of Capital (WACC) range of 10.5% to 12.0%;
5. Compared the financial and operating performance of the Company with publicly traded companies operating in the biopharmaceutical sector; and
6. Reviewed the financial terms of recent precedent transactions involving comparable target companies.

Based upon and subject to the foregoing methodologies, assumptions, and limitations, it is our opinion, as of the date hereof, that the Consideration of \$72.50 per share in cash to be received by the holders of the Company's common stock in the proposed Transaction is fair, from a financial point of view, to such shareholders.
