

Leadership Development Program Invitation

Aegis Manufacturing Group • August 2026

NOMINATION: EMERGING LEADERS ACCELERATOR PROGRAM (ELAP)

To: Sylvia Hernandez, Supply Chain Analyst

From: Executive Committee and Global Talent Development

Date: August 18, 2026

Dear Sylvia,

It is my great pleasure to inform you that you have been nominated and selected by the Executive Committee to participate in the 2026-2027 cohort of the Emerging Leaders Accelerator Program (ELAP) at Aegis Manufacturing Group.

Program Overview:

ELAP is a highly selective, six-month intensive leadership development track designed to prepare our highest-potential individual contributors for frontline management and strategic leadership roles. Out of over 400 eligible employees across the North American division, you are one of only 25 individuals chosen for this cohort.

Curriculum and Expectations:

The program commences on October 1, 2026, and consists of the following required components:

- Executive Mentorship: You will be paired with the VP of Logistics for bi-weekly 1-on-1 mentoring sessions.
- Capstone Project: Working in a cross-functional team of five, you will be tasked with solving a real-time operational challenge facing the company. Your team will present the final solution to the C-Suite in March 2027.
- Monthly Workshops: Attendance is mandatory for a full-day, off-site workshop on the second Thursday of each month. Topics include Strategic Decision Making, Change Management, Conflict Resolution, and Financial Acumen.

Time Commitment:

We have coordinated with your direct supervisor to ensure that you are granted 10 hours of protected time each week to dedicate to ELAP coursework and project collaboration without impacting your current performance metrics.

Please confirm your acceptance into the program by signing the attached commitment charter and returning it to Talent Development by August 25, 2026. Congratulations on this significant professional milestone.
