Dear Property Owner,

This notice informs you of the reassessment of the above-referenced property for the 2026 tax year. Assessed values in your township have been updated to reflect current market conditions based on recent comparable sales, income capitalization models, and regional commercial real estate trends.

Valuation Summary:

Prior Year (2025) Fair Market Value: \$8,450,000

Prior Year (2025) Assessed Value (25% assessment level): \$2,112,500

Current Year (2026) Fair Market Value: \$10,200,000

Current Year (2026) Assessed Value (25% assessment level): \$2,550,000

Net Increase in Assessed Value: \$437,500 (+20.7%)

Impact on Property Taxes:

Please note that this is NOT a tax bill. Your actual 2026 property tax liability will be calculated in early 2027 by multiplying this new assessed value by the state equalization factor (multiplier) and the combined local millage rates. An increase in assessed value does not necessarily mean your property taxes will increase by the same percentage.

Right to Appeal:

If you believe the Current Year Fair Market Value exceeds the actual market value of your property, or if the property characteristics on file are incorrect, you have the right to file a formal appeal. The deadline to file a commercial valuation appeal with the Cook County Board of Review is September 25, 2026. Appeals must include certified appraisals or audited rent rolls.
