

Paid Time Off (PTO) and Leave Policy

Vertex Health Solutions • Effective: January 1, 2026

PAID TIME OFF (PTO) POLICY

Objective:

Vertex Health Solutions believes that employees require time away from work for rest, relaxation, and personal pursuits. To support this, we provide a consolidated Paid Time Off (PTO) program that combines vacation, personal days, and sick leave into a single bank of hours.

Eligibility and Accrual:

All full-time, regular employees (scheduled to work 30 or more hours per week) are eligible to accrue PTO. Accruals begin on the first day of employment and are credited at the end of each bi-weekly pay period. The accrual rate is determined by the employee's length of continuous service:

- 0 to 2 years of service: 15 days (120 hours) per year (4.61 hours per pay period)
- 3 to 5 years of service: 20 days (160 hours) per year (6.15 hours per pay period)
- 6+ years of service: 25 days (200 hours) per year (7.69 hours per pay period)

Carryover Limits:

Employees are encouraged to utilize their accrued PTO within the calendar year. However, employees may carry over a maximum of 40 hours of unused PTO into the following calendar year. Any unused hours exceeding this 40-hour limit as of December 31 will be forfeited, except where prohibited by state or local law.

Requesting Time Off:

PTO must be requested through the internal HRIS portal. Requests for three or more consecutive days off require a minimum of two weeks' advance notice and manager approval. Unplanned absences (e.g., sudden illness) must be reported to the employee's direct supervisor at least two hours before the start of the scheduled shift.

Separation of Employment:

Upon voluntary resignation with a minimum of two weeks' notice, or in the event of an involuntary separation without cause, employees will be paid out for all accrued but unused PTO hours at their base hourly rate. Employees terminated for gross misconduct forfeit unused PTO.
